All members and guests must register in the Golf Shop before beginning play.

"Cutting-in" (entering the course without signing in) is not permitted at any time. All players must check in with the starter. Practice is not allowed on the Golf course unless otherwise permitted by the Golf Professional.

Shagging balls is not allowed.

No more than three (3) guests per member are permitted at any one time, unless otherwise authorized by the Golf Professional.

If a foursome or other group of players fails to keep their place on the course and loses more than one (1) clear hole on the players ahead, they must allow the following group to play through. It is the right and privilege of the following foursome to ask permission to play through, however, any grouping other than a foursome shall have no standing on the course as per the Rules of Golf. The slower group of players is required to take positions on the course out of play and shall remain stationary until the following foursome has played through.

All players who temporarily discontinue play after nine (9) holes for any reason must resume play and occupy the next tee before the following players arrive at the tee or they will lose their positions on the golf course.

All players must enter and leave bunkers at the nearest level point to the green. Smooth sand over with a rake upon leaving.

**B. Handicaps:**

- Handicaps shall be updated and posted in the Golf Shop every two (2) weeks during the season.
- Scores of all rounds played must be submitted for handicapping purposes if 13 or more holes are played. Consecutive 9-hole scores must also be submitted.
- In accordance with USGA rules, in order to further support the key system premise of peer review, scores made while playing alone will no longer be acceptable for handicap purposes. This change underscores the importance of providing full and accurate information regarding a player's potential scoring ability and the ability of other players to form a reasonable basis for supporting or disputing a posted score.
- All members found not submitting scores for handicapping purposes shall receive the lowest scores on their handicap run.
- All scorecards should be signed and contain handicap or member numbers.
- Members not generating official handicap may be prohibited from tournament play. The fee for handicapping must be paid prior to June 1st.
- In order to play in any tournament you must have played and turned in for handicapping purposes five (5) properly attested handicap rounds. This will allow the computation of temporary handicap.
- The Handicap Subcommittee shall be responsible for all aspects of the USGA Handicap System including enforcement.
- Further details about posting scores and handicaps are available in "The USGA World Handicap System" manual a copy of which is available in the Golf Shop.

**C. Tee Times:**

All players must have a starting time prior to registration.

All players must check in at Golf Shop before playing.

Golf carts shall not be used by a member or guest on the property of the Club without proper assignment and registration in the Golf Shop.

Each operator of a golf cart must be at least sixteen (16) years of age and have a valid automobile driver's license or learner's permit.

Drivers must read the operating instructions of the golf cart prior to usage and obey such instructions. No one is to operate a golf cart with a flat tire, or any other mechanical problem that is apparent or observed. Return cart to Golf Shop and another will be issued if an unsafe condition is encountered.

Obey all golf cart traffic signs.

Golf carts are to be returned to the staging area. The member who rents a golf cart may be fined if the golf cart is left in the parking lot or any other non-designated area. Always use golf cart paths where provided, especially near tees and greens. Cart usage is governed by the Professional

Staff on a daily basis. Players are required to remain on the golf cart paths, without exceptions, on Par 3 holes.

Golf carts are not permitted within thirty (30) feet of a green, tee, bunker or their shoulders, except where golf cart paths are provided. Signs, designating, "Cart Paths Only", 90 degree rule, etc. are to be observed.

Golf carts are not to be driven over sprinkler heads and drivers are to avoid areas that are newly planted, wet or under repair.

The use of golf carts may be mandated by the Club during certain periods of play. These requirements will be prominently posted by the Professional Staff.

Exception: Persons with disabilities may request an exception and will be issued a flag to be attached to the cart roof after proper training.

Never drive a golf cart through a hazard.

Be careful to avoid soft areas on fairways, especially after rains. Use the rough wherever possible.

Operation of a golf cart is at the risk of the operator. Members are liable for any personal injury or property damage that results from the use of a golf cart checked out in their name. Members using a golf cart will be held fully responsible for any and all damages, including damages to the golf cart, that are caused by the misuse of the golf cart by the members or their guests, and the members shall reimburse the Club for any and all damages the Club may sustain by reason of misuse.

"Course closed" or "hole closed" signs are to be adhered to without exception.

Golf carts shall be driven on the golf course only when the course is open for play.

Violations of the golf cart rules may result in loss of golf cart privileges and/or playing privileges.

Club Management reserves the right to make the use of a golf cart mandatory for all golfers at all times during certain time periods.

Privately owned golf carts are not permitted on the golf course.

E. Weather Advisory:

It is the sole responsibility of each golfer to assess weather conditions and immediately leave the course if dangerous conditions exist or are threatened. USGA Rules of Golf (Rule 6-8) allow players to discontinue play if they believe there is a danger from lightning. Golfers must use common sense in determining when to leave the course.

F. Golf Course Etiquette:

Persons using the golf course should do their part to make a round of golf at Pocono Farms Country Club Association, Inc. a pleasant experience for everyone. Here are some suggestions:

Do not waste time. Anticipate the club or clubs you may need and go directly to your ball. Always be near your ball to play promptly when it is your turn. If a player is delayed in making his shot, it would be courteous for such player to indicate to another player to play and this should not be deemed playing out of turn.

The time required to hole out on and around the green is a chief cause of slow play. Study and clear the line of your putt while others are doing the same. Be ready to putt when it is your turn.

Be sociable, but reserve your extended conversations for the 19<sup>th</sup> hole.

When approaching a green, park your golf cart on the golf cart path on the best direct line to the next tee. This can save about one-half (1/2) hour per round. Never leave the golf cart in front of the green where you will have to go back to get it while the following players wait for you to get out of the way.

When play of a hole is completed, leave the green promptly and proceed to the next tee without delay. Do the scoring for the completed hole while the others in your group are playing from the next tee.

If you are not holding your place on the course, allow the players behind to play through. Do the same if you stop to search for a lost ball.

Repair all ball marks on the green.

Replace all divots with the divot itself grass side up or dress with the mixture provided on the cart or buckets.

G. Rangers:

Golf Rangers may be on duty to help regulate play and enforce golf cart regulations. The Ranger is responsible and is empowered to keep play moving at an appropriate pace. Instructions from the Ranger to this end must be followed. Failure to cooperate with the requests or directions of the Ranger will result in disciplinary actions as follows:

First Offense-----Warning Letter

Second Offense-----Play restricted to afternoons only for 2 weeks

Third Offense-----Suspension of Membership Rights and Privileges

awarded annually by the golf membership to resident Pocono Farms students. The monetary amount will be set by the committee, not to exceed \$1,500 per recipient, till the fund reaches \$100,000.

Funding is accomplished through tournament donations, individual contributions and other donations.

Selection of the winners is not limited to golf membership but recognizes the students in the entire community.

The Selection team should be comprised of The Community Board President, Golf Committee Chairman, and a non-golf member resident.

The General Manager should sit on the selection committee in an advisory role.

The Golf Committee Chairman will also be the Scholarship chairman during their term.

### **IX. Handicap Flag Policy**

**Handicap Flags** shall be assigned to members, family members and/or member's guests when the following requirements are confirmed:

1. Member, family member or guest provides bona fide proof of handicap, under the American's with Disabilities Act, when such handicap requires use of such flags.
2. Member, family member or guest provides bona fide physician's letter (confirmed by staff) that individual has "temporary" disability requiring utilization of such flag.

If you have a medical condition that meets the requirement for the use of a handicap flag, please forward a letter to the Golf Professional with all pertinent information requested above. Meetings will then be scheduled for all individuals to review the rules regarding the use of handicap flags.

The courtesy is extended only to the player needing assistance. His or her partner must obey the cart rules for the day. Unfortunately under extreme conditions, we may not be able to allow handicap flags to be used. This will be determined by the Golf Course Superintendent or Golf Professional.

**"Cart Paths Only":** When cart paths rules for the day are "Cart Paths Only", handicap flags will not be distributed to anyone. The reason for "Cart Paths Only" is that on every hole there is some degree of potential damage from use of a golf cart. Please understand that we are attempting to accommodate those players needing assistance, but at the same time we must also protect the golf course from damage created by cart use.

**"Parking of Carts":** Carts shall not be parked closer than five (5) yards from the front of any green.

**"90 Degree Crossing":** When cart rules for the day are "90 Degree's", players using a handicap flag may cross at 90 degrees on all holes including par 3's. This means you may leave the cart path and drive at a 90-degree angle to your ball. After you hit your shot, you must return immediately to the cart path. Do not ride up the fairway or rough to your ball. For your own safety, we ask that you avoid driving up and down any steep hills. You must always keep the cart at least five (5) yards from the front of any green.

**“Mandatory Orientation”:** All individuals who require a handicap flag must attend a course orientation conducted by the Golf Course Superintendent. The orientation is by appointment only. Therefore, individuals requiring such a flag must make advanced arrangements for the course orientation.

## **GOLF COURSE STANDARDS** **POCONO FARMS COUNTRY CLUB - 2013**

### **GREENS:**

Greens at Pocono Farms C.C. during peak season are maintained at .125 (eighth-inch). This height of cut gives us a consistent 9.0 on the stimp meter. With the various slopes on our greens, this is a fast, yet fair, green speed.

The above height and green speed may change for various club functions, disease pressure, and aerification, and weather conditions.

### **FAIRWAYS:**

Fairways at Pocono Farms C.C. are maintained during the peak season at .500 (half-inch). High-end golf clubs maintain their fairways anywhere between seven-sixteenths and half-inch depending on turf species.

This height is the best for membership as a whole. Maintaining our fairways any lower would make it more difficult for the members with higher handicaps. If the height of the cut is raised, the fairways would not look as lush as they do and the risk of various weeds germinating in our fairways would increase.

### **TEES, COLLARS, & APPROACHES:**

Tee boxes at Pocono Farms C.C. are maintained during peak season at .500 (half-inch). With our fairways maintained at .500 (half-inch), it is customary for the tees to be cut at the exact same height. This allows a consistent flow of turf height going from the fairway to the approach.

### **SECONDARY CUT:**

The secondary cut, which is the very first pass outside the fairway and the green, is maintained at one inch. This is a progressive jump from the fairway and collar to the rough. There is no specific height allocated for this area among golf courses. This maintains a nice, steady transition from fairway and collar to the rough.

### **ROUGH:**

The rough at Pocono Farms C.C. is maintained at 2.5 inches. Rough is an area on a golf course that can change from time to time due to weather conditions. During particularly wet times of the year the rough may exceed 2.5 inches due to the fact that mowing under saturated conditions is unsafe and may be harmful to the turf. Maintaining the rough at 2.5 inches will keep our rough lush and green, and fair to all levels of golfing abilities.

### **CUP CHANGING:**

Cup changing is done on an as needed basis. Typically, the cups are changed every Tuesday, Thursday, Saturday, and Sunday. When the level of play increases, the interval decreases. During any club function, regardless of the day of the week, the cups are always changed. This also includes relocating tee markers and filling divot stations.
